

## **Embark on a Journey of Solidarity: "Hi-Tech Solidarity with Israel"**

**In collaboration with the Israeli Hi-Tech Association,  
the Chambre de Commerce France-Israel proudly presents  
the "Hi-Tech Solidarity with Israel" initiative.**

Amidst the mobilization of over 300,000 reservists, Israeli companies find themselves temporarily understaffed. Are you prepared to step in as a temporary replacement, utilizing your unique skills? Whether on-site or remotely from France, this is an opportunity to contribute, free of charge or with negotiated compensation, for a duration tailored to the needs of participating companies listed by the Israeli side Working language: English.

### **Beyond Today's Support:**

Your involvement in this initiative not only offers immediate aid to Israel but also establishes connections with companies in the renowned Start-Up Nation. This opens doors to potential long-term collaborations and partnerships.

### **Eligible Companies:**

Explore opportunities in various sectors, ranging from cutting-edge technology to innovative startups. Your expertise is in demand, and the sectors include but are not limited to:

**Technology and Software Development | Biotechnology |  
Renewable Energy | Cybersecurity | Artificial Intelligence**

## **Taking the First Step:** (click on the link below)

If you are intrigued by this opportunity, click on the link [...] to access the Google form. Fill it out in English, and your submission will be carefully reviewed by the Israeli Hi-Tech Association. Ron Garamé, the designated contact person, will connect you with Israeli companies interested in your profile. You will then directly deal with the companies aligning with your aspirations.

## **Join us in making a meaningful impact and forging lasting connections through the "Hi-Tech Solidarity with Israel"**
